

NAME: Andrew Charles GORDON

TELEPHONE: 01753 516857

EDUCATION: Epsom College, Epsom, Surrey
London Hospital Medical College, London

QUALIFICATIONS: MB BS The London Hospital, 1979
FRCS England, 1984
MS London, 1993

REGISTRATION: Full
General Medical Council number 2504379

CURRENT APPOINTMENTS: Consultant Surgeon
Heatherwood and Wexham Park Hospitals

Programme Director
Oxford Deanery Higher Surgical Training Scheme

PREVIOUS APPOINTMENTS:

August 1979 - January 1980

House Physician to Dr P L Wright
Whipps Cross Hospital

February 1980 - July 1980

House Surgeon to Professor H D Ritchie, Professor J P Blandy and Mr A M I Paris
The London Hospital

September 1980 - August 1981

Junior Lecturer in Anatomy
London Hospital Medical College

September 1981 - December 1981

Senior House Officer, Accident and Emergency Department
East Ham Memorial Hospital, London

January 1982 - January 1984

Surgical Senior House Officer
Whipps Cross Hospital

January 1984 - March 1984

Locum Surgical Registrar
Whipps Cross Hospital and The Brook General Hospital

April 1984 - March 1986

Surgical Registrar
The London Hospital and Queen Elizabeth's Hospital for Children

April 1986 - September 1986

Registrar in General Surgery to Mr B W Pender
Chelmsford Hospital

October 1986 - October 1988

Tutor in Paediatric Surgery
The General Infirmary and St James's University Hospital, Leeds

November 1988 - January 1989

Research Fellow
St James's University Hospital, Leeds

February 1989 - July 1991

Clinical and Research Fellow in Paediatric and Neonatal Surgery
John Radcliffe Hospital, Oxford

June 1991 - May 1992

Locum Senior Registrar in General Surgery to Mr H J O White
Southmead Hospital, Bristol

May 1992 - October 1993

Locum Senior Registrar
John Radcliffe Hospital, Oxford

October 1993 - September 1995

Clinical Tutor in Surgery,
University of Oxford.

Honorary Senior Registrar in Surgery,
Oxford & Anglia Regional Health Authority.

Tutor in Anatomy,
Magdalen College,
Oxford.

MEMBERSHIP OF SOCIETIES:

Member of the Association of Surgeons.
Associate Member of the British Association of Paediatric Surgeons.
Member of the Hospital Consultants and Specialists Association.
Member of the Vascular Society.

EXAMINING EXPERIENCE

2nd MB BS Anatomy at The London Hospital Medical College 1981
MB BS surgical finals at Imperial College London 1998
4th year OSCE at Oxford 2003 to present
2nd BM at Oxford 2007 to present

TRAINING COURSES ATTENDED:

Royal College of Surgeons of England: Training the Trainers, 1997
Royal College of Surgeons of England: Appraisal and Assessment, 1998

PRESENTATIONS TO LEARNED SOCIETIES:

Long term outcomes after laparoscopic Nissen Fundoplication – a study of patients' satisfaction 7 to 11 years post-operatively.
Association of Surgeons of Great Britain and Ireland, 2009

Predictive evaluation of the surgical risk scale in patients undergoing general, vascular and paediatric surgical procedures.
Association of Surgeons of Great Britain and Ireland, 2009

Conscious pain mapping by laparoscopy under sedation and local anaesthetic.
Association of Surgeons of Great Britain and Ireland, 2002

Conscious pain mapping by laparoscopy under sedation and local anaesthetic.
Oxford Regional Surgeons Meeting, 2000

The “Endoassist” robotic camera holder abolishes the need for a human assistant in laparoscopic cholecystectomy.
Society for Minimally Invasive Therapy, Boston, 1999

Controlled trial of the introduction of a robotic camera assistant for laparoscopic cholecystectomy (Endoassist).
Section of Surgery, Royal Society of Medicine, 1998

Audit of a protocol for vascular out-patient attendances.
Vascular Surgical Society, 1994

Very minimal sympathectomy for hyperhidrosis of the hand.
Vascular Surgical Society, 1994

Minimal upper thoracic sympathectomy.
Oxford Regional Surgeons Meeting, 1994

Thoracoscopic sympathectomy.
Association of Surgeons of Great Britain and Ireland Annual Meeting, 1994

What is denervated by minimal and extensive upper thoracic sympathectomy?
Midland Vascular Surgeons, 1994

The distribution of sympathetic supply to the head, neck and arm.
South West Vascular Surgeons, 1994

Lymphocyte infiltration of small bowel transplants.
IIIrd International Symposium on Small Bowel Transplantation, 1993

Anastomotic techniques for experimental intestinal transplantation.
IIIrd International Symposium on Small Bowel Transplantation, 1993

Selenium deficiency in patients receiving total parenteral nutrition.
Surgical Research Society, 1993

Renal support after ruptured aneurysm surgery.
South West Vascular Surgeons, 1993

Cellular Infiltration of Small Bowel Allografts.
British Society of Gastroenterology, 1992

Phenotype and function of lymphocytes infiltrating small bowel transplants.
The Transplantation Society Second Basic Sciences Symposium, 1991

Immunological studies of cells obtained from rejecting small intestinal transplants.
Surgical Research Society, 1991

Experience with microvascular and Fowler Stevens procedures in the management of
intra-abdominal testes.
British Association of Urological Surgeons, 1990

Button batteries - a danger to the oesophagus.
British Association of Paediatric Surgeons, 1990

Selenium deficiency during total parenteral nutrition.
British Association of Paediatric Surgeons, 1990

Prenatally diagnosed pelvi-ureteric junction obstruction: a limited role for early
pyeloplasty?
British Association of Urological Surgeons, 1989

Colonic stricture secondary to haemolytic-uraemic syndrome.
British Association of Paediatric Surgeons, 1988

Prenatal diagnosis of vesico-ureteric reflux: a follow-up study.
British Association of Paediatric Surgeons, 1988

Multicystic dysplastic kidney: is nephrectomy still appropriate?
British Association of Urological Surgeons, 1987

PUBLICATIONS:

Thesis

Immunological changes during rejection of intestinal transplants.
MS, University of London, 1993

Invited reviews

Experimental Small Bowel Transplantation. In the Oxford Textbook of Surgery. Editors
Morris PJ and Malt RA, Oxford University Press, Oxford

The Abdominal Wall. In the Oxford Textbook of Surgery. With Tam PKH. Editors
Morris PJ and Malt RA, Oxford University Press, Oxford
